Dear Nominated Faculty Member,

Greetings from Institution's Innovation Council (IIC), MoE's Innovation Cell ☺

This is a gentle reminder to those who have not completed their Basic/Advance level training. If you have completed the Basic/Advance level training then kindly ignore this email.

As per the database, we found you have been nominated by your IIC Institute for the Innovation Ambassador (IA) Basic/Advance Level Training but still you have not completed the same. Because of this, you are neither able to get the benefits of carrying the IA tag of MoE's Innovation Cell anymore and also would be deprived of access to the benefits and opportunities for IAs such as engaging in post-training activities as an expert, mentor, and verifier/evaluator to support innovations and startups are emerging from your institute. Moreover, because of the non-completion of IA training, you would not be able to take part in the reward and recognition mechanism set for IAs for their efforts towards I & E promotion and support. Also, this is going to be a loss/miss chance for your institute to get a good score in the ARIIA 2022, as deployment and performance of IAs have weightage in ARIIA 2022 ranking.

Please log in to the IA portal (<https://ia.mic.gov.in/>) using the credentials with you and complete the training before 15th October. The majority of technical glitches pertaining to the IA portal have been fixed, please do a hard refresh (Ctrl+Shift+R) to see the recent changes. In addition to this, you are invited to join the IA-telegram group created especially for IAs for easy & quick information dissemination click on the link from your smartphone: <https://t.me/+VqMJvprAD4nGkWXc>

About Innovation Ambassador: Aims & Objectives

- MoE aims to develop in-house human resource capacity and competency to drive the I&E mission by orienting, transforming and upgrading the Innovation and entrepreneurial skills of faculty members to lead innovation, entrepreneurship, and technology commercialization assignments.
- MoE considers faculty Innovation Ambassadors as ground change agents who are expected to perform a multi-functional role as instructor, mentor, evaluator, verifier, innovator, entrepreneur and role models for students, faculty members, and society in promoting and supporting innovation and start-up agenda in HEIs.

Actions & Requirements:

- Post training of IA, each Innovation Ambassador is provided with login credentials to manage their profile and performances by uploading reports for the expert talks delivered so far as part of the IIC4.0 calendar period (AY 2021-22).

In case of any technical issues or queries, please contact:
