

GENDER DISTRIBUTION AT VARIOUS STATUTORY AND NON STATUTORY LEVELS IN THE INSTITUTION

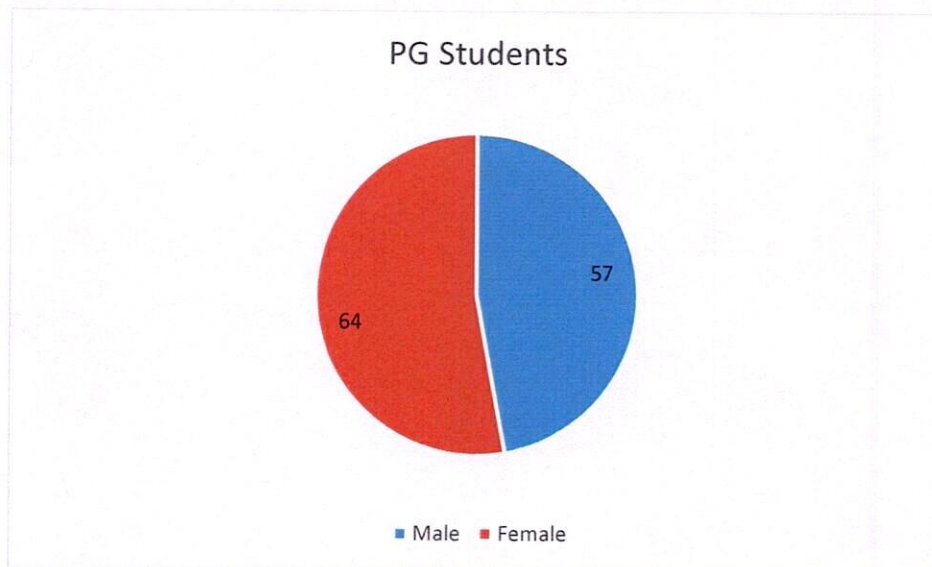

- Gender equity is also reflected at various statutory and non-statutory levels in the institution.
- The college admission process is NOT gender biased. Female students are admitted on the same basis as male students. There is always an equal ease of access to resources and opportunities, regardless of gender including economic participation and decision making. The total strength of the college is 2471 constituting 1538 females and 933 males in number.
- The total strength of the Permanent teaching staff is 152 in number, out of which 56 are female and 96 are male.
- The total strength of the students at SMVMCH are 821 in number, out of which 493 are females and 328 are males.
- Female participation in sports is highly encouraged in the college. The total strength of student's participation in sports is 170, out of which 50 are females and 120 are male.
- The student council (UG) is a proficient body constituting both female and male students, directed by a president and a Secretary.
- The total strength of the Non-teaching staff is 1498 in number, out of which 989 are female and 509 are male.
- The committee formed in the staff during any event in the college also maintains gender equity.
- The general group discussion in the class also justifies gender equity.
- Allocation of classroom duties equally reflects gender neutrality. A male and a female Class representative are nominated.
- Allocation of responsibility of organizing technical events is shared equally by both boys and girls.

REPORT

Empowering Women through Inspirational Talks

Introduction:

The International Women's Day week celebration at our institution was marked by a captivating and empowering motivational talk on **8.3.2023** by the esteemed **Dr. N.A. Priyadarshini**, Professor, Department of Anatomy. Dr.N.A.Priyadarshini laid the foundation for the event by highlighting the significance of women's voices and contributions in various fields. The event was graced by another eminent speaker, **Dr.Jayasree**, Professor and Head of the Department of Obstetrics and Gynecology (OBG), who delivered a motivational talk aimed at inspiring the girl students in attendance.

Importance of Women in the Society:

Dr. N.A. Priyadarshini initiated the event by emphasizing the historical and contemporary achievements of women across the globe. She eloquently discussed the challenges women face in different spheres and highlighted the importance of women uplifting each other. Dr.Priyadarshini's speech was a call to action, urging the young female students to break through societal norms, pursue their aspirations, and contribute meaningfully to their respective fields. Her address resonated with the audience, instilling a sense of pride and determination among the girl students.

Motivational Talk by Dr.Jayasree:

Following Dr.Priyadarshini's insightful speech, Dr.Jayasree took the stage to deliver a powerful motivational talk. Being the Head of the Department of OBG, Dr.Jayasree brought a unique perspective, sharing her personal and professional journey as a woman in the field of medicine. She underscored the importance of resilience, perseverance, and continuous learning in overcoming obstacles and achieving success.

Dr.Jayasree's talk was tailored to inspire the young women present, encouraging them to pursue careers in traditionally male-dominated fields without hesitation. She shared anecdotes of her own challenges and triumphs, emphasizing that every setback is an opportunity for growth. The motivational talk served as a catalyst for the students to envision a future where they could thrive in their chosen professions, breaking stereotypes and contributing to the advancement of society.

The International Women's Day week celebration at our institution, featuring the motivational talks by Dr. N.A. Priyadarshini and Dr.Jayasree, proved to be a transformative and empowering experience for the girl students. The speakers, with their wealth of experience and wisdom, ignited a spark of inspiration, fostering a sense of purpose and determination among the young women. The event was a celebration of women's achievements, a call to challenge societal norms, and a reminder of the limitless potential inherent in each individual, regardless of gender.

REPORT

Antenatal Physiotherapy and Postnatal Physiotherapy

Sri ManakulaVinayagar Medical College and Hospital (SMVMCH) recognizes the significance of comprehensive healthcare for women during and after pregnancy conducted by Department of OBG on **10.6.2023**. Antenatal and postnatal physiotherapy play pivotal roles in ensuring the well-being of both the mother and the child. This report provides an overview of the antenatal and postnatal physiotherapy services offered at our institution.

Antenatal Physiotherapy: Antenatal physiotherapy at SMVMCH is designed to support expectant mothers through the physical challenges of pregnancy. The primary goals include promoting maternal well-being, preparing for childbirth, and minimizing discomfort associated with pregnancy. Our trained physiotherapists collaborate with obstetricians to offer personalized exercise programs, breathing techniques, and posture correction to enhance overall fitness and alleviate common pregnancy-related issues such as back pain and pelvic girdle pain.

Key Components of Antenatal Physiotherapy:

1. **Exercise Programs:** Tailored exercises focusing on strengthening core muscles, improving flexibility, and enhancing overall fitness.
2. **Pelvic Floor Training:** Specialized exercises to strengthen the pelvic floor muscles, promoting better bladder control and reducing the risk of perineal trauma during childbirth.
3. **Breathing Techniques:** Instruction on effective breathing patterns to manage pain and anxiety during labor.
4. **Posture Correction:** Guidance on maintaining proper posture to prevent musculoskeletal issues and promote optimal fetal positioning.

Postnatal Physiotherapy: Postnatal physiotherapy at SMVMCH is dedicated to aiding the recovery and rehabilitation of mothers after childbirth. This phase involves addressing physical changes, promoting healing, and restoring strength and functionality. Physiotherapists work closely with new

mothers to guide them through exercises, educate on postural care, and address any musculoskeletal issues that may have arisen during pregnancy or childbirth.

Key Components of Postnatal Physiotherapy:

1. **Core and Pelvic Floor Exercises:** Gradual reintroduction of exercises to strengthen the core and pelvic floor muscles.
2. **Scar Management:** Techniques to address and minimize scars from cesarean sections or episiotomies.
3. **Posture and Ergonomics:** Guidance on maintaining proper posture while breastfeeding, carrying the baby, and performing daily activities.
4. **Rehabilitation for Musculoskeletal Issues:** Targeted interventions for issues such as diastasis recti, back pain, and pelvic floor dysfunction.

Multidisciplinary Collaboration: Antenatal and postnatal physiotherapy services at SMVMCH operate within a multidisciplinary framework, involving collaboration with obstetricians, gynecologists, and other healthcare professionals. This ensures a holistic approach to maternal care, addressing both the physical and emotional aspects of pregnancy and postpartum recovery.

Sensitization Program for Girl Students on National Women's Day: Fostering All-Round Development in the Medical Field and Research Publications

On the occasion of National Women's Day, a sensitization program was organized at Sri ManakulaVinayagar Medical College and Hospital on 15.7.2023 to empower and inspire girl students towards all-round development in the medical field and encourage their active participation in research publications. The event aimed to instill a sense of confidence and motivation among female students, fostering their growth and contribution to the healthcare and research sectors.

The event commenced with an inaugural session featuring accomplished women in the medical and research fields, sharing their personal journeys and serving as role models. A keynote address underscored the importance of women's involvement in medicine and the role of research in advancing healthcare.

Panel discussions explored career opportunities for women, strategies for work-life balance, and the pivotal role of research in shaping the future of medicine. Interactive workshops aimed to enhance practical skills in research methodologies, scientific writing, and presentation.

Networking opportunities allowed students to connect with successful professionals, fostering mentorship possibilities. Success stories of alumnae who excelled in both medicine and research were highlighted, offering motivation and inspiration.

The program concluded with a closing ceremony, recognizing student participation and expressing gratitude to speakers, sponsors, and organizers. Certificates were distributed to acknowledge students' commitment to personal and professional development.

Social Innovation for Women's Health: Institute Innovation Council

Date: 18.9.2023

Introduction: The Institute Innovation Council at Sri Manakula Vinayagar Medical College and Hospital has been at the forefront of driving positive change and addressing critical societal issues. One of its noteworthy initiatives is the focus on social innovation for women's health, aiming to enhance healthcare outcomes and promote well-being among women in the community.

Objective: The primary objective of this initiative is to leverage innovative solutions to tackle challenges related to women's health, ensuring accessibility, affordability, and quality healthcare services. The Institute Innovation Council recognizes the unique health needs of women and strives to create sustainable, socially impactful solutions.

Key Initiatives:

1. Awareness Campaigns:

- The council has organized and supported awareness campaigns to educate women in the community about various health issues, preventive measures, and the importance of regular health check-ups.
- Collaborations with local organizations and healthcare professionals have been established to amplify the reach of these campaigns.

2. Technological Interventions:

- Introduction of telemedicine services for women, especially in rural areas, to bridge the gap in access to healthcare facilities.
- Integration of digital platforms for health education, appointment scheduling, and monitoring of health parameters, enhancing the overall healthcare experience.

3. Skill Development Programs:

- Workshops and training programs for healthcare professionals, focusing on women's health issues, have been conducted to improve the quality of care provided.

- Empowering women with basic healthcare knowledge through skill development programs, fostering a sense of self-care and health consciousness.

4. Collaborative Research:

- The Institute Innovation Council actively engages in collaborative research projects with a focus on women's health. These projects aim to identify and address specific health challenges faced by women in the community.
- The findings from these research initiatives contribute valuable insights to healthcare practices and policies.
