

## Day Celebration Activity

### “National Youth Day Celebration”

**Debate Competition:** Young Population boon or bane in the Empowerment of India

On January 12, 2024, the Department of Anatomy commemorated National Youth Day with a vibrant debate centred on the pivotal role of the youth population in the empowerment of India through innovation and startups. The event, held in Lecture Hall 4 of the college block from 9:00 AM to 1:00 PM, drew an enthusiastic crowd of 240 students.

The debate theme, "Youth Population: Boon or Bane in the Empowerment of India," ignited a spirited discussion among the participants. Eight students, eloquently voicing their perspectives in each group, delved into the significance of young entrepreneurs and innovators in shaping India's future. Dr. K.S. Venkata Rangan, a consultant from the Department of Psychiatry, moderated the session, infusing it with insightful observations that prompted deep reflection and dialogue among the attendees.

The event was further enriched by the participation of esteemed guests Swamy Naravarandha Ji Maharaj and Swami Sivakanthanandha Ji Maharai from Ramakrishna Mutt, Puducherry, and Villupuram, respectively. Their blessings and words of wisdom added a spiritual dimension to the discourse on youth empowerment and societal advancement through innovative ventures.

Faculty members and Heads of Departments from various disciplines also contributed to the vibrant atmosphere, demonstrating the interdisciplinary interest in harnessing the potential of the youth for national development. The session concluded on a high note with Swami Ji presenting mementoes to Dr. K.S. Venkata Rangan and the participants, symbolizing appreciation for their contributions to a thought-provoking discussion on the integral role of innovation and startups in India's progress.
