Subject: -Green Audit Report

We, P V Greentech Pvt Ltd. are a Renewable Energy organization providing a high class, end-to-end service for clients seeking services within the renewable/clean energy technology markets. Our services extend throughout the value chain from origination to implementation of projects. We have sourced, qualified and implemented projects across geographic locations.

Our team is involved in promoting renewable energy generation through sustainable processes, either with existing or new green/clean technologies and also working with clients to make the process viable for all concerned. Programs such as subsidies, sale of extra energy generated to the electricity board etc have helped clients in installing and creating a greener environment thereby reduce the carbon footprint. We aim to create a more sustainable energy environment for the community and be the specialist agency in the renewable energy space.

Here is the Green Audit Report with all the Recommendations.

ONE STOP SOLUTIONS FOR NON-CONVENTIONAL ENERGY SOLUTIONS

Date of Issue

10/06/2019

few recommendations are added to curb the menace of waste management using eco-friendly and scientific techniques. This may lead to the prosperous future in context of Green Campus and thus sustainable environment and community development.

It has been shown frequently that the practical suggestions, alternatives, and observations that have resulted from audits have added positive value to the audited organisation. An outside view, perspective and opinion often helps staff who have been too close to problems or methods to see the value of alternative approaches. A green audit report is a very powerful and valuable communications tool to use when working with various stakeholders who need to be convinced that things are running smoothly and systems and procedures are coping with natural changes and modifications that occur.

Common Recommendations

- ❖ Adopt an environmental policy for the college
- ❖ Establish a purchase policy towards environmental friendly materials
- ❖ Conduct more seminars and group discussions on environmental education
- ❖ Students and staff can be permitted to solve local environmental problems
- ❖ Renovation of cooking system in the canteen to save gas
- ❖ Establish water, waste and energy management systems

Criteria Wise Recommendations

Water Management

- Remove damaged taps and install sensitive taps if possible.
- Drip irrigation for gardens and vegetable cultivation can be initiated.
- Establish rain water harvesting systems for each building.
- Establish water treatment systems.
- Awareness programs on water conservation to be conducted.
- Install display boards to control over use of water.

Energy Management

- Employment of more solar panels and other renewable energy sources.
- Conduct more save energy awareness programs for students and staff.
- Replace computers and TVs with LED monitors.
- More energy efficient fans should be installed.
- Observe a power saving day every year.
- Automatic power switch off systems may be introduced.

Waste Management

- Establish a functional bio gas plant.
- A model solid waste treatment system to be established.
- Practice of waste segregation to be initiated.
- A model vermicomposting plant to be set up in the college campus.
- Establish a plastic free campus.
- Avoid paper plates and cups for all functions in the college.

Green Campus Management

- All trees in the campus should be named scientifically.
- Create more space for planting.
- Grow potted plants in both verandah and classrooms.
- Create automatic drip irrigation system during summer holidays.
- Not just celebrating environment day but making it a daily habit.
- Beautify the college building with indoor plants
- Provide funds to nature club for making campus more green
- Encourage students not just through words, but through action for making the campus green
- Conduct competitions among departments for making students more interested in making the campus green.

Carbon footprint

- Establish a system of car pooling among the staff to reduce the number of four wheelers coming to the college.

- Introduce college bus services to the students and staff.
- Encourage students and staff to use cycles.
- Establish a more efficient cooking system to save gas.
- Discourage the students using two wheelers for their commutation.
- More use of generators every day should be discouraged.

Name of the Auditor:- Girish S Kulkarni

Date of Audit

A handwritten signature in black ink, appearing to read 'Girish S Kulkarni', written over a horizontal line. The signature is somewhat stylized and includes a large loop on the left side.

Signature with Seal
