IIC Celebration Activity

Institution's Innovation Council

Title: National Education Day -"Shaping Medical Minds: Celebrating National Education Day".

Date: 11.11.2024

Organising Secretaries: Dr.P.Sanjay

IIC - Student Coordinator: Adithya B

Time: 10.00 AM onwards.

Objectives:

- Highlight the importance of education in shaping future healthcare professionals and advancing medical knowledge.
- Encourage students to embrace continuous learning and innovation as integral parts of their medical careers.
- Inspire students to pursue excellence in their medical education and uphold ethical practices in healthcare.
- Emphasize the importance of integrating knowledge from different fields to improve patient care and medical research.

Participant Details:

The Contest had a total participation of 250 students and 6 faculties of Phase 1 MBBS at Sri Manakula Vinayagar Medical College and Hospital.

Guest Speaker:

Dr.K.Soundariya, Deputy Dean (Academic), Coordinator – MEU, Sri Manakula Vinayagar Medical College and Hospital, Puducherry.

Programme Overview:

The Institution's Innovation Council of Sri Manakula Vinayagar Medical College and Hospital conducted a session on "Shaping Medical Minds: Celebrating National Education Day" on 11.11.2024. The session started with a brief introduction to the significance of National Education Day. The Keynote address took place on the topic "The Role of Education in Transforming Healthcare and Society."

Outcomes:

- Students will gain a deeper understanding of how education serves as the foundation for innovation and excellence in healthcare.
- Participants will appreciate the contributions of Maulana Azad and be motivated to uphold the values of inclusivity, perseverance, and educational reform in their professional lives.
- The session will instill the importance of continuous learning and staying updated with advancements in medical science and education.

Way Forward:

Moving forward, the Institute Innovation Council will continue to conduct various IIC Celebration activities aimed to promote design thinking, startup and Entrepreneurship. IIC will continue to provide the insights on the evolving field of medicine.
