

## IIC CALENDER ACTIVITY

### Institution's Innovation Council

**Title:** Exposure Visit to Incubation Unit.

**Objective:** To gain comprehensive insights into the operational frameworks, support mechanisms, and innovative practices employed by the incubation center.

**Date:** 05.02.2025

**Venue:** SMVEC Incubation Unit, Puducherry.

**Participants :** MBBS PHASE II Students.

### Programme Overview:

The Institution's Innovation Council of Sri Manakula Vinayagar Medical College and Hospital, Puducherry conducted an Exposure visit to the SMVEC Incubation Unit as per schedule on 05.02.2025 as a part of calendar activities of Quarter 2 of IIC 7.0 Calender.

### Exposure Visit :

As per Schedule, a batch of MBBS Phase II Students were taken to the Incubation Centre at the Manakula Vinayagar Engineering College , Puducherry. The students observed the activities and various prototypes in the incubation centre by SMVEC AICTE IDEA LAB (incubated at the Incubation cell of SMVEC).Mr.Martin, advisory board member of the incubation cell briefed the students with functioning,steps to create a startup,prototypes made in the cell and commercialization of a product

created. The students observed their previous and ongoing prototypes for solving the problems present in the medical field.

**Future Plans :**

To continue exposure visits to higher incubation centres in various institutions for comprehensive knowledge on prototype development, research and commercialisation.
