Celebration of days of Public Health Importance

2020

Cancer awareness program

Date:05/02/2020

Venue: RHTC

We conducted an awareness program on Cancer and scope as well as importance of cancer screening in preventing the deadly disease. The gathered patients were women and special emphasis was given on the dangers of cervical and breast cancers and their easy screening methods available. Later women were invited to utilize the cancer screening (cervical and breast) services provided free of cost at our RHTC and were asked to invite their acquaintances, friends and relatives also.

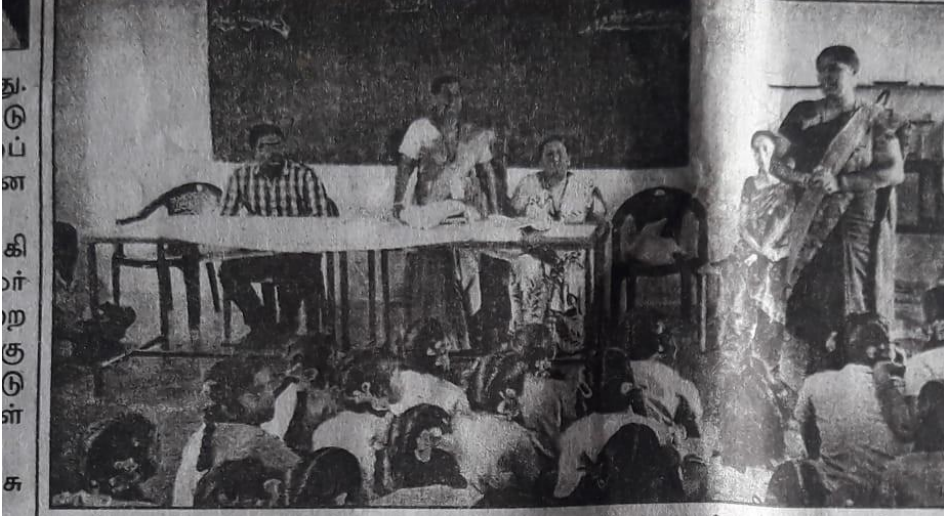

150 years of Mahatma Gandhi celebrations

Essay Competition on “Relevance of Gandhian thoughts and philosophy in modern day life” was conducted at Government High School, Edaiyar. Participants were students from 8th and 9th standard. Prize distribution was done on 20/02/2020 in a meeting attended by school students, teachers and presided by RHTC medical officer, Dr. Balakumar, Social activist and School Headmistress Mrs. Shanti and RHTC MSW Mrs. Deivasundari. Prizes were distributed by the dignitaries.

The event was reported in local newspaper.

Health Day Celebrations

2020

World Leprosy Eradication Day 2020 in Tara Institute of Paramedical Education - 6th January 2020:

We celebrated World Leprosy Eradication Day 2020 in Tara Institute of Paramedical Education, Villupuram. About 25 paramedical students and teachers actively participated in this program. A brief session on the etiology, clinical manifestations, diagnosis and management of Leprosy was delivered by Dr. Nancy (PG). Mrs. Jayanthi (MSW) gave an awareness speech about the misconceptions of Leprosy. Key messages were delivered using pamphlets. At the end, in order to evaluate the effectiveness of our session, we conducted a small quiz on Leprosy.

150TH BIRTH ANNIVERSARY CELEBRATIONS OF MAHATMA GANDHI, FEB 2020

Suspension of Outreach Programs due to COVID Pandemic:

In response to the global pandemic and public health guidelines, the RHTC & UHTC made the difficult but necessary decision to suspend all community outreach activities after February 2020.

The suspension included health camps, awareness campaigns, and training sessions that involved direct interaction with community members.
