Orientation Program for “Compulsory Rotatory Medical Internship” (CRMI) and Skills training session

With the implementation of new CRMI regulations, a 2-day orientation program for “Compulsory Rotatory Medical Internship”, under the guidance of IQAC, was organized for the Interns of 2017 Batch on 18th and 19th July 2022. The sessions were conducted with the objectives to offer formal orientation to roles, responsibilities and rules for CRMI at SMVMCH, the infrastructure, scope of the hospital, to ensure revision of basic clinical skills such as history taking, laboratory investigation, patient’s rights and responsibilities and prescription of rational drugs in patient care, services of blood bank and laboratory, the role of documentation in patient care, the standard practices in universal precautions and waste disposal, documentation and ethics in professional patient care, the ICU protocol and COVID Hospital Protocol. It was followed by a 2-day Skills training session on four skill modules namely “Basic Medical Skills”, “Basic Surgical Skills”, “Communication Skills” and “Basic Life Support” for all the Interns in small groups. During the skills training session, the students had an intensive hands-on training on different skills. The sessions were highly interactive and overall a good feedback was obtained from the participants.

Healthcare Simulation Week 2022

In view of the celebration of healthcare simulation week from September 12-16, a simulation competition was held for medical students and residents on the theme

Together Everyone Achieves More. Medical students were divided into teams, each comprising a member from phase 2 to CRMI. Each team member has to take a lead in at least one station. Each station is for 7 minutes. The stations in the competition were based on the workshop conducted during the intern orientation program, foundation course, and skill lab sessions conducted during the clinical postings. Ten stations were kept, each from the department of OBG, surgery, medicine, paediatrics, orthopaedics, and also on basic life support, and communication. Twenty-two teams participated in the competition. Marks were given based on the validated checklist. All the teams scored more than 50%. The first prize of Rs 4000 was awarded to team Trojan Horse and the second prize of Rs.2000 to team No name.

Residents from each clinical department based on lots were allotted to a team. The competition started with the team facing a mass casualty from RTA where their triage skills and communication skills were assessed. Then the scenario progressed to following up with the patient presented in the casualty and their management where the teams were assessed on neonatal resuscitation, sling procedures in orthopaedics, ventricular fibrillation in medicine, intercostal drainage in the department of surgery, airway management in the department of anaesthesia. From 6 teams, 3 teams were selected for finals. In the finals, each team was faced with 2 cases one drowning patient and another a case of sepsis. The first prize was won by Team 6 and the second prize by Team 3.

Workshop on “Planning and Execution of OSPE and OSCE”

The MEU in collaboration with the Simulation Centre of SMVMCH organized a full-day workshop on “Planning and Execution of OSPE and OSCE” for around 37 faculty of SMVMCH, involving nearly 20 departments on 28.10.2022 at the Simulation Centre of SMVMCH. Dean Research inaugurated the session and highlighted the essentials of OSPE and OSCE in the CBME curriculum. Dr.V.N.Mahalakshmi, Dean-HPE and Dr.Arun Daniel J, Associate Professor, Department of Community Medicine from Aarupadai Veedu Medical College facilitated the sessions. The resource faculty enlightened the participants on selecting the skills to be assessed by OSCE, Blueprinting on OSCE, Key components in running an OSCE and reporting the results of OSCE. The participants were shown a live demonstration of 6 OSCE stations on various skills, attended by interns and it was well appreciated by participants. There was a debriefing session and the resource faculty addressed all the queries of the participants. The sessions were highly interactive and the workshop was awarded 2 credit hours by the TamilNadu Medical Council.

- In this modern era of medical sciences, the practice of minimally invasive surgery is increasing world wide and making it an essential skill for the doctors.

- In this regard, our Department of Obstetrics and Gynaecology organized a Laparoscopic Simulation Workshop on March 18th, 2023 from 8.30 am to 3.30 pm at Simulation center, Sri Manakula Vinayagar Medical College & Hospital, Pondicherry under the guidance of one organizing chairperson Dr. Jayasree. M, Professor & HOD, Dr. Bupathy. A, Professor organizing vice-chairperson, Dr. Nivedita. K Professor and Dr. Poomalar. G.K, Professor.
- The leading session and present were conducted by Dr. Jayasree. M, followed by interactive lecture session on Laparoscopic setting and distension by Dr. Sathiyarayanan, Professor Rajiv Gandhi Women and Children Govt. Hospital. Dr. Poomalar G.K, Professor, Dept. of OBG, delivered on interactive lecture on "methods of Laparoscopic entry which was followed by lecture on "Patient positioning" by Dr. Ilamathi. S, Assistant Professor, Dept. of OBG.
- There were 6 stations for hands on training they were:
 1. Trocar placement by Dr. Bupathy. A
 2. Camera handling 30° by Dr. Jayasree. M
 3. Bimanual co-ordinator and stripping excision by Dr. Poomalar. G.K
 4. Hand eye co-ordination and translocation of objects by Dr. Priyadarshini. D
 5. Energy source application by Dr. Suresh, Professor JIPMER.
 6. Ring application by Dr. Inparasi. G

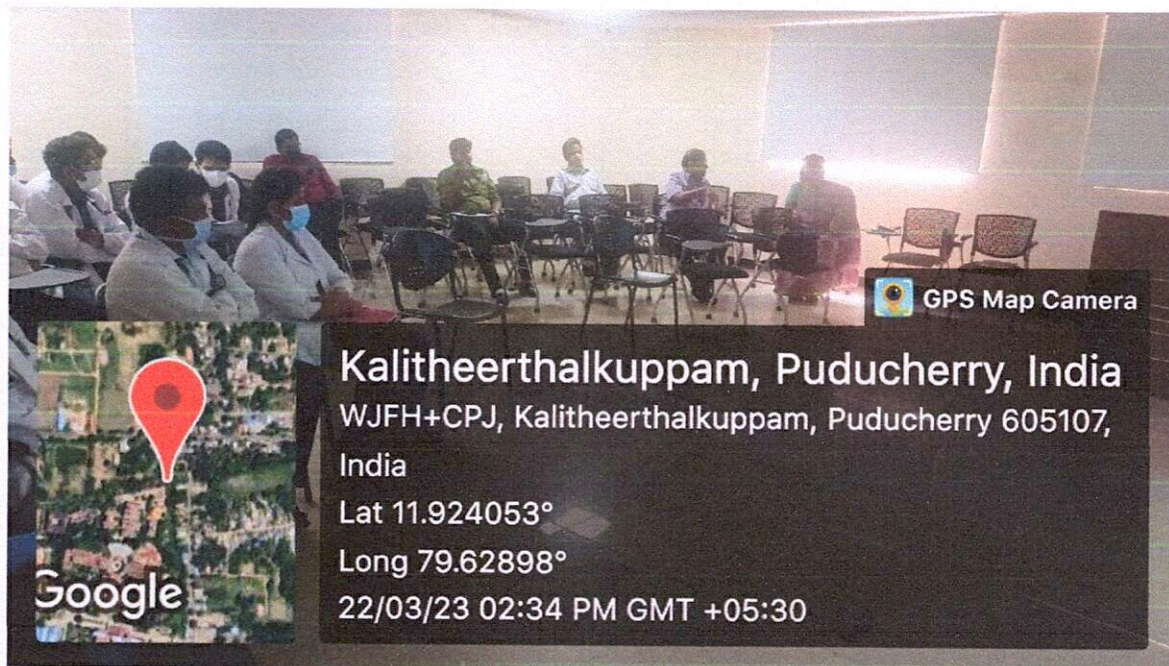

Around 25 participants from various medical colleges from Pondicherry and Tamilnadu actively participated in the workshop and benefitted with the skill and knowledge regarding basics of laparoscopy. They were encouraged and awaiting such events in near future.

WORKSHOPS

PROCEDURAL SKILLS SIMULATION WORKSHOP:

A well performed technical procedure leads to successful clinical outcomes for patients. For any successful procedure, the skills needed are clinical judgement, Communication, teamwork and technical skills. Simulation enables repeated procedural exposure in a safe environment without compromising patient safety.

BASIC SURGICAL SKILLS:

This workshop aims to teach safe and sound techniques that are common to all forms of surgery. The participants will practice their skills on bench top simulators and animal tissue.

BASIC OBSTETRIC SKILLS :

Low risk pregnant women are delivered by medical officers, but studies have proven that major Obstetrical emergencies have no identifiable risk factors. Simulation - based, obstetric skills workshops are practical and valuable additions to an undergraduate medical curriculum that will train Students to become physicians of first contact with skills.

BASIC PEDIATRIC SKILLS :

This course has been designed to ensure you receive formal instruction in the important procedures on pediatric care and management that you are expected to master by the end of the workshop.

TEAMWORK FOR PATIENT SAFETY:

Teamwork plays a critical role in providing quality healthcare and improving patient safety, communication, leadership, situation monitoring and mutual support skills training will lead to improved team - related Outcomes of enhanced knowledge, positive attitudes and exceptional performance.

BASIC LIFE SUPPORT :

This is a comprehensive workshop covering basic CPR Skills according to the 2020 AHA guidelines, the participants will be able to help the delegate to learn life saving skills.

CASE BASED IMAGING WORKSHOP :

This workshop helps you to learn the basics to the advanced

OUR COLLEGE

Sri Manakula Vinayagar Medical College and Hospital is an ultra modern multispeciality tertiary care hospital and medical research centre. As a tertiary care hospital, the health care services offered are comprehensive covering investigation, diagnosis, therapy, surgery and post-operative care. The in-patient services are complemented with day centres, out-patient facilities and exclusive centres for health checkup. Our philosophy is to provide world class quality health care services to all sections of the society at an affordable cost. The hospital has well qualified and dedicated medical professionals, para medical staffs and managerial support, who regularly enhance their skills to contemporary world standard.

ABOUT SIMSCON

South Indian Medical Students' Conference SIMSCON held annually at Sri Manakula Vinayagar Medical College and Hospital. This conference provides a platform where students can show case their findings in research and presentation skills.

This year SIMSCON includes full day training workshop in addition to conference on Patients Safety and Team-based management along with many other events for medical students.

OUR THEME

This year's theme mainly focuses on importance of teamwork in medical field. Three waves of pandemic has proven us that each branch in this big tree of medicine plays a key role in making us feel safe and secured each day. So let us all unite because Talent may win games but teamwork and intelligence can win championships
