Vision and Mission –PSOs

Simulation Centre

Vision

To provide a safe simulated environment for learners to enhance their competency to achieve quality patient care and professionalism

Mission

To create simulation-based educational programs to assist in the attainment of certified skills as specified by NMC

To integrate interprofessional scenarios into the simulation curriculum to enrich multidisciplinary learning

To promote research in simulation pedagogy to improve patient safety

Simulation Centre

Program Specific outcomes

1. Practice history taking, physical examination and procedural skills, to become compassionate clinician
2. Develop skills to function as effective interprofessional team member and leader
3. Modify and refine existing skills, acquire new skills to become lifelong learner
4. Demonstrate professionalism by recognizing and managing ethical and professional conflicts
