

REPORT
Career Guidance Program (2018-19)

Career guidance is an essential part of a student's academic journey, helping them make informed decisions about their future. On April 11, 2018, a comprehensive career guidance session was organized for the MBBS Batch of 2015 at our institution. The event aimed to provide students with valuable insights into various career paths they could pursue after completing their MBBS degree.

Date: April 11, 2018

Time: 9:00 AM to 4:30 PM

Total Participants: 150 students

Session Focus Areas:

The career guidance session covered a wide range of topics and career paths, including:

NEET PG Preparation and Counselling: Understanding the process and requirements for pursuing postgraduate medical education.

UPSC/State Govt Examinations: Information on the civil services and other government job opportunities.

Admission into Research Institutes: Guidance on pursuing research-oriented careers in medical sciences.

USMLE (United States Medical Licensing Examination): Insights into opportunities for practicing medicine in the United States.

PLAB Exams: Information on pursuing a medical career in the United Kingdom.

Opportunities in Public Health Services: Discussing career prospects in public health and healthcare management.

Expert Guidance:

The success of the career guidance session can be attributed to the valuable contributions of experts from each of the aforementioned fields. These experts provided students with detailed information and answered their queries, contributing to a holistic understanding of the career options available to them.

Student Engagement:

The enthusiasm and active participation of the 150 students who attended the session were remarkable. The students appreciated the opportunity to engage in discussions and seek clarifications on various aspects of their future careers. This interactive environment helped them gain valuable insights and make informed decisions.

Career Guidance Program (2019-20)

The Career Guidance session for the MBBS Batch of 2016 was conducted on October 7, 2019, from 9:00 AM to 4:30 PM in our institution. This event aimed to provide valuable insights and information to the 128 participating students regarding various career paths available to them after completing their MBBS degree. The session was organized by the Department of Community Medicine, with Dr. Kalaiselvan taking the lead in coordinating the program.

Session Highlights

The career guidance session covered a wide range of topics and career prospects for MBBS graduates. The key highlights of the event are as follows:

1. NEET PG Preparation and Counselling

- The session commenced with an in-depth discussion on the National Eligibility-cum-Entrance Test for Postgraduate courses (NEET PG).
- Experts in the field provided insights into the preparation strategies, examination pattern, and counselling process.
- Students were encouraged to ask questions and seek clarification on NEET PG-related matters.

2. UPSC/State Govt Examination

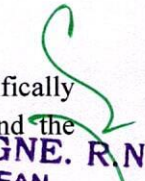

- Another critical aspect of the event was focused on career opportunities in government services, particularly the Union Public Service Commission (UPSC) examinations and state government job opportunities.
- Distinguished experts shared their experiences and insights into cracking these competitive exams.
- Students were encouraged to explore the diverse career avenues within the public sector.

3. Admission into Research Institutes

- The session highlighted opportunities for MBBS graduates in research institutes and academic institutions.
- Renowned researchers and professors discussed the application process and career prospects in research.
- Students gained valuable insights into pursuing a career in academia and research.

4. USMLE and PLAB Exams

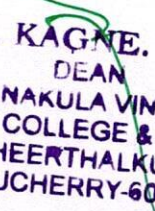

- The event also catered to students aspiring for international careers in medicine, specifically those interested in the United States Medical Licensing Examination (USMLE) and the Professional and Linguistic Assessments Board (PLAB) exams.

- Experts provided guidance on exam preparation, application procedures, and the benefits of practicing medicine abroad.
- Students were motivated to consider global opportunities in the medical field.

5. Opportunities in Public Health Services

- The session concluded with a comprehensive discussion on career opportunities in public health services.
- Professionals with experience in public health administration and policy-making shared their valuable insights.
- Students learned about the importance of contributing to public health initiatives and were inspired to pursue careers in this field.

Career Guidance Program (2020-21)

Date: June 11, 2020

Time: 9:00 AM - 4:30 PM

On June 11, 2020, a comprehensive career guidance session was organized for the MBBS Batch 2017 and 2018 students. This session aimed to provide valuable insights and guidance to the participating students on various career paths available to medical graduates. The event was well-received, with a total of 297 enthusiastic students in attendance.

Session Focus Areas

The career guidance session was structured around multiple key areas to ensure that students received comprehensive information on their career prospects. The primary focus areas included:

NEET PG Preparation and Counselling: Expert guidance was provided to students regarding the National Eligibility cum Entrance Test for Postgraduate (NEET PG) examination. This included strategies for preparation and insights into the postgraduate medical education landscape.

UPSC/State Govt Examination: Aspirants interested in pursuing a career in civil services or government jobs were given valuable information about the competitive exams conducted by the Union Public Service Commission (UPSC) and State Governments. This segment included tips on exam preparation and the selection process.

Admission into Research Institutes: Students interested in research and academia were informed about the various research institutes and opportunities available for medical graduates. This section aimed to inspire students to pursue a career in medical research.

USMLE and PLAB Exams: Aspiring medical professionals seeking opportunities abroad were given guidance on the United States Medical Licensing Examination (USMLE) and the Professional and Linguistic Assessments Board (PLAB) exams, which are essential for practicing medicine in the United States and the United Kingdom, respectively.

Opportunities in Public Health Services: An overview of career opportunities in public health services was provided, highlighting the importance of contributing to community health and wellness.

REPORT

Career Guidance Program (2021-22)

Date: September 2, 2021

Time: 9:00 AM - 4:30 PM

Participants: 300 MBBS Batch 2018 & 2019 Students

On September 2, 2021, a comprehensive career guidance session was organized for the MBBS Batch of 2018 and 2019. The event aimed to provide students with valuable insights into various career paths and opportunities available to them post-MBBS. It was a full-day session that saw active participation from 300 students.

Session Highlights:

The career guidance session covered a wide range of topics, with a special focus on the following areas:

NEET PG Preparation and Counselling: Expert speakers provided guidance on the National Eligibility cum Entrance Test for Postgraduate (NEET PG) and offered insights into the preparation strategies and counselling procedures for PG medical courses in India.

UPSC/State Govt Examination: Aspiring students were briefed on the Union Public Service Commission (UPSC) and State Government examinations that open doors to various administrative and healthcare roles. Tips for effective preparation were shared.

Admission into Research Institutes: The session explored opportunities for pursuing research and higher studies in medical and allied fields, including admission processes and scholarships.

USMLE and PLAB Exams: Students interested in pursuing medical careers abroad received guidance on the United States Medical Licensing Examination (USMLE) and the Professional and Linguistic Assessments Board (PLAB) exams, essential for practicing medicine in the USA and the UK, respectively.

Opportunities in Public Health Services: Expert speakers from the public health sector discussed career options in public health services, highlighting the role of healthcare professionals in shaping public health policies and programs.
