ORS WEEK CELEBRATIONS

On July 28, 2023, the Department of Paediatrics, SMVMCH and IAP Puducherry jointly celebrated National ORS Week. Dr.A.Arulkumaran and Dr.Thamizharasan conducted a health talk on dehydration and ORS importance in Thiruvennainallur RHTC. On July 29 (ORS Day), events included a poster competition, a public awareness talk with an ORT corner and prizes for a quiz programme attended by medical professionals, students and the public. Dr.A.Arulkumaran also gave a guest lecture on ORS physiology to nursing students and Dr.Preethi.T organized an MCQ competition for MBBS students.

GUEST LECTURE ON BALANCED FLUID THERAPY IN ICU AND SURGERY

On September 15, 2023, a guest lecture was conducted on "Balanced Fluid Therapy in ICU and Surgery." Postgraduate students from the departments of Medicine, Surgery, and Emergency Medicine were in attendance.

Mr. Selva Kannan, the Manager of Sales Force Effectiveness delivered the guest lecture. His presentation highlighted the distinctions in the administration of balanced and unbalanced salt solutions, particularly in the context of resuscitation with significant fluid volumes.

On September 15, 2023, our Psychiatry Department organized a "Suicide Prevention Day - Creating Hope Through Action." The event featured a guest lecture by Dr. S. Sivaraman, who addressed the effective ways to help those in need. Dr. S.Arun and Dr. S.Perarul played key roles in the event's commencement and conclusion.

WORLD HEART DAY

World Heart Day Celebration 2023 was organized by Dept. of Cardiology & General Medicine on 29.09.2023.

A CME Programme was conducted and eminent cardiologists from prestigious institutions delivered guest lectures on advanced ECG topics. Dr. Suresh kumar sukumaran (JIPMER) spoke on “Approach to bradyarrhythmias”, Dr. B. Sridhar (JIPMER) delivered a lecture on “Approach to Tachyarrhythmias”, Dr. R. Sakthivel (Dr. Kamatchi Memorial Hospital, Chennai) spoke on Management of Arrhythmias in ER, Dr. Kalaichelvan (MMM, Chennai) delivered a lecture on “AMI-Culprit vessel localisation by ECG” and Dr. Avinash Anantharaj (JIPMER) spoke on “Approach to congenital heart diseases”.

Total of 191 delegates attended the CME Programme & TNMC Credit points were given.

Students of AHS organized a patient awareness programme on “Prevention of heart diseases” in the hospital courtyard. Poster & Quiz competition were conducted based on the theme.

Dr. Ashida, Professor of Cardiology, SMVMCH delivered the welcome address. There were active participation from the delegates and the programme was concluded with prize distribution & vote of thanks by Dr. Devan, Asst. Prof. of Cardiology, SMVMCH.

WORLD BREASTFEEDING WEEK 2023

The Department of Paediatrics, SMVMCH enthusiastically celebrated the “World Breastfeeding Week 2023”, dedicating a week to raise awareness about the importance of breastfeeding. The events unfolded over the course for seven days, commencing on August 1 and concluding with a grand valedictory event on August 7. The week commenced with an inaugural exhibition on August 1, featuring exhibits and informative talks led by esteemed guests and faculty members. The display aimed to educate mothers and their families on the manifold benefits of breastfeeding, showcasing various positions and initiating a dialogue on its significance.

The subsequent days were marked by a series of engaging activities, including a poster presentation competition, awareness health talks at local health centers, a postgraduate quiz competition and health talks targeting working mothers at a private company.

The Department of Paediatrics extended its outreach to communities, delivering informative health talks at rural health centers and conducted interactive sessions to address concerns faced by working mothers. The week also witnessed competitions such as Pictionary, an elocution competition among our nursing college student and quizzes for antenatal mothers and fostering active participation and understanding.

The pinnacle of the week-long celebration was the valedictory event on August 7, graced by the presence of department heads, the director of SMVMCH and Chief Guest Dr. V Sudha, a Gynaecologist and Infertility Specialist. The event included prize distribution to competition winners, a guest lecture by Dr. Sudha and a captivating role played by nursing students. The engaging and informative activities throughout the week not only celebrated the essence of breastfeeding but also served as a platform for education and community involvement, ultimately contributing to the success of “World Breastfeeding Week 2023” at SMVMCH.

POST GRADUATE QUIZ IN RESPIRATORY DISEASES 2023

The Department of Respiratory Medicine conducted “POST GRADUATE QUIZ IN RESPIRATORY DISEASES 2023” on 31.08.2023 along with National College of Chest Physician India(NCCP). Post Graduate students from JIPMER, PIMS, Aarupadai Veedu medical college , Sri Venkateswara medical college and our college have participated in the quiz. The quiz was coordinated by Dr.S.Yuvarajan, Professor & Head. Department of Respiratory Medicine, SMVMCH.

NATIONAL EYE DONATION FORTNIGHT CELEBRATION

(25th August to 8th September - 2023)

The annual National Eye Donation Fortnight Celebration, spanning from August 25 to September 8, conducted to raise awareness about the importance of eye donation. On August 30, 2023, a "Mega Rally" was conducted by engaging the public and highlighting the significance of eye donation. The 6th-semester students, from 2020-2025 batch, played a pivotal role in the rally's success, displaying spirited enthusiasm and commitment.

Their active involvement, from 9:30 am to 10:30 am, effectively disseminated crucial information, emphasizing the impact of eye donation. The event featured diverse activities, conveying the message visually and verbally.

MEU EVENTS

Guided by IQAC, a 4-day orientation program for the Compulsory Rotatory Residential Internship (CRRI) 2018 Students was conducted from 4th to 7th July 2023, in adherence to new regulations. This program was aimed to prepare interns for the requirements of their internships and included skills training sessions.
