Dear Madam,

Thank for sending the minutes of meeting for consideration and approval.

I have gone through chapter 6 (Assessment) draft in detail. I would like to bring to your kind notice that, in the para of Appointment of Examiner – Section – B, last sentence it is mention that “If required number of internal examiners are not available for practical examination, university would postpone the practical examination of that college”. Sometimes in unavoidable circumstances internal examiner may not be available, then instead of postponement of the practical examination of the college, another internal examiner of other college affiliated to Pondicherry University can be appointed as internal examiner and examination should be conducted.

Again, in Appointment of Examiner para clause no “I” (ii) under the heading Grace – Marks, it is mentioned, grace marks are not for supplementary examination, has to be deleted, as the grace marks are given to the candidate as a mercy for clearing the subject, and It doesn't matter whether it is main (or) supplementary examination as per the judgement of supreme court.

Thanking you,
