* Dear Sir/Madam,

Thank you for permitting Dr. Suguna E. to attend the third onsite PSG-FAIMER Regional Institute (session 5) program from 17th June 2018 at PSG Institute of Medical Sciences & Research, Coimbatore.

Dr. Suguna has now completed the two-year FAIMER Institute Fellowship Program

During the three on-site sessions at Coimbatore and two year-long inter-session at the home institution implementing the project as well as seven month-long focused discussion in Mentor-Learner Web discussions, Dr. Suguna learned about several aspects of medical education, including Good Teaching Practices, Educational Research and program evaluation, leadership and management skills, and professional networks. Dr. Suguna now has the capacity to design, implement and evaluate curriculum change, as well as to organize workshops and symposia on medical education for faculty in your institution.

Our evaluation of past FAIMER Fellow Professional Development Portfolios indicate that soon after the completion of FAIMER Institute Fellowship, their expertise has been used by their home institution by assigning them with higher academic responsibilities leading to improved student learning.

FAIMER is committed to promoting international medical education and building a South Asia regional community of medical educators with the aim of improving healthcare delivery worldwide.

We look forward to Dr. Suguna's continued participation in the program as a co-mentor for other FAIMER Fellows and expect your continuing support to the sustaining of the project directed towards improving students learning. If you have any further questions about FAIMER Institute Program or FAIMER, please feel free to contact me at drthomasvchacko@gmail.com & Dr. Sudha Ramalingam, Co Director, PSG FAIMER Regional Institute at drsudhapsg@gmail.com.
