

**DEPARTMENT OF FORENSIC MEDICINE  
TEACHING SESSION PLAN**

**ORGAN TRANSPLANTATION**

Description of the instructional sessions for students introduced by Sri Manakula Vinayagar Medical College and Hospital, on medical, legal, ethical and social issues involved in organ transplantation:

**1. Medical issues involved in organ transplantation:**

- Introduction, history and time line of successful organ transplantation
- Types of transplants
- Major organs and tissues being transplanted
- Type of donors
- Principles of transplantation
- Procedure of various major transplants
- Transplant rejection
- Immuno-suppressive drugs
- Alternatives and future developments
- Conclusion

**2. Legal issues involved in organ transplantation:**

- History of illegal organ trafficking
- Consent in organ transplant
- Global Laws in relation to organ transplantation
- National policy
- State guidelines
- Transplantation of human organs and tissues rule, 2014
- Authorisation committees
- Transplantation registry
- Offences and penalties

**3. Ethical issues involved in organ transplantation:**

- Basic ethical principles of medicine
- Ethical objections in organ transplantation
- Ethics in organ allocation
- Ethical issues in cadaveric organ donation of various religions
- Foetal organ donations
- Executed prisoners in organ transplantation
- Use of stem cells and cloning in organ transplantation

**4. Social issues involved in organ transplantation:**

- Need for organ transplantation
- Benefits of organ transplantation
- Cost analysis of organ transplantation

**TRUE COPY ATTESTED**

DEAN  
SRI MANAKULA VINAYAGAR  
MEDICAL COLLEGE AND HOSPITAL  
KALITHEERTHALKUPPAM,  
MADAGADIPET, PUDUCHERRY-605 107.

**WEBLINK:**

1. National level policies on organ transplantation as adopted by the Institution:  
<https://www.notto.gov.in/>

2. State level policies on organ transplantation as adopted by the Institution:  
<https://transtan.tn.gov.in/aboutus.php>

**TEACHING SESSION PLAN:**

S.No	Topic	Method of teaching	Duration	Semester	Department
1	Medical issues involved in organ transplantation	Lecture, Video demonstration	1 hour	Third semester	Forensic Medicine
2	Legal issues involved in organ transplantation	Interactive teaching, case scenario and real life case discussion	1 hour	Third semester	Forensic Medicine
3	Ethical and social issues involved in organ transplantation	Interactive teaching	1 hour	Third semester	Forensic Medicine

  
Dr. R.N. Kagne
