#### Workshop on E-content and E-Course Development

The MEU, organized a full-day workshop on "E-Content and E-Course Development" for the faculty of SMVMCH on 21<sup>st</sup> December, 2022. The program was organized to provide an intensive hands-on training on the various ICT enabled tools that can be effectively utilized for effective teaching, learning and assessment. Around 28 faculty were oriented to the different ICT enabled tools and the multimedia principles. The participants enthusiastically participated in the hands-on training sessions on development of interactive images, creating animations, creating interactive PowerPoint presentations, conducting interactive online quizzes for large group. A session was exclusively dedicated for the participants to explore the institutional "Learning Management System". An afternoon session was exclusively dedicated in sensitizing the participants towards "Instructional Design Models" involved in E-Course development and hands on experience was given on developing a template for E-course using MOODLE. The sessions were highly interactive and feedback has been obtained from all the participants. The mean pre and post test scores were 5.08 and 7 respectively. The workshop has been awarded 2 credit hours by the Tamil Nadu Medical Council.

Attempts were made to use ICT tools for various components of the workshop. The pre-test was conducted with google form, the post-test was conducted using "QUIZZIZ" platform, which was highly fun filled and enjoyed by the participants. Feedback was obtained from the participants in the platform called "PADLET".

### Workshop on "E-Content and E-Course Development"

The MEU, organized a 2-day workshop on "E-Content and E-Course Development" for the faculty of SMVMCH on 25<sup>th</sup> & 26<sup>th</sup> October, 2021. The program was organized to provide an intensive hands-on training on the various ICT enabled tools that can be effectively utilized for effective teaching, learning and assessment. Around 30 faculty were oriented to the different ICT enabled tools and the multimedia principles. The participants enthusiastically participated in the hands-on training sessions on development of interactive images, creating animations, creating interactive PowerPoint presentations, essentials in opening a you tube channel and uploading contents into it, creating concept maps, conducting interactive online quizzes for large group, conducting interactive small group sessions with Nearpod, essentials of podcasting and screen recording. An afternoon session was exclusively dedicated in sensitizing the participants towards "Instructional Design Models" involved in E-Course development and hands on experience was given on developing a template for E-course. The sessions were highly interactive and feedback has been obtained from all the participants. The workshop has been awarded 4 credit hours by the Tamil Nadu Medical Council.

#### Feedback analysis

The mean pre-test score was 5.18 and the post test score was 7.92. The participants found the sessions interactive and appreciated the hands-on training offered for the ICT tools. However, they suggested the interruptions due to network connectivity may be avoided and demanded more time allotment for certain tools for effective hands-on training.

#### Outcome

- Effective use of ICT enabled tools by the faculty of SMVMCH in regular teaching learning process, assessment and also in Intercollege quiz programs
- Development of interactive e-contents and sharing of the resources with the students
- Effective utilization of the institutional LMS by the faculty
- Development of Podcasts and Educational YouTube videos by the departments Dr. KAGNE. R.N

### Workshop on "E-Content and E-Course Development"

The MEU, organized a 2-day workshop on "E-Content and E-Course Development" for the faculty of SMVMCH on 25<sup>th</sup> & 26<sup>th</sup> October, 2021. The program was organized to provide an intensive hands-on training on the various ICT enabled tools that can be effectively utilized for effective teaching, learning and assessment. Around 30 faculty were oriented to the different ICT enabled tools and the multimedia principles. The participants enthusiastically participated in the hands-on training sessions on development of interactive images, creating animations, creating interactive PowerPoint presentations, essentials in opening a you tube channel and uploading contents into it, creating concept maps, conducting interactive online quizzes for large group, conducting interactive small group sessions with Nearpod, essentials of podcasting and screen recording. An afternoon session was exclusively dedicated in sensitizing the participants towards "Instructional Design Models" involved in E-Course development and hands on experience was given on developing a template for E-course. The sessions were highly interactive and feedback has been obtained from all the participants. The workshop has been awarded 4 credit hours by the Tamil Nadu Medical Council.

#### Feedback analysis

The mean pre-test score was 5.18 and the post test score was 7.92. The participants found the sessions interactive and appreciated the hands-on training offered for the ICT tools. However, they suggested the interruptions due to network connectivity may be avoided and demanded more time allotment for certain tools for effective hands-on training.

#### Outcome

- Effective use of ICT enabled tools by the faculty of SMVMCH in regular teaching learning process, assessment and also in Intercollege quiz programs
- Development of interactive e-contents and sharing of the resources with the students
- Effective utilization of the institutional LMS by the faculty
- Development of Podcasts and Educational YouTube videos by the departments Dr. KAGNE. R.N

### Sensitization session to "Great Learning App" (Zoom based)

In view of the COVID pandemic (Second Phase of Lockdown), the Institute purchased the "Great Learning App" for effective conduct of the online classes and webinars for the students of SMVMCH. Great Learning app is zoom based Learning Management system, which offers provision of Virtual conferencing, in addition to the routine features. In this SRI MANAKULA VINAYAGAR MEDICAL COILEGE & HOSPITAL KALITHEERTHALKUPPAM,

context, the Medical Education Unit of SMVMCH, organized a sensitization session for all faculty in rotation in the month of May 2021 in lecture hall I of SMVMCH. The faculty members were oriented to the Great Learning App, its key functions and had hands on training on scheduling classes, creating quiz, assignments in the Great learning app. In addition, they were demonstrated with the creation of online polls and breakout rooms for small group discussion with the great learning app.

#### Program:

Program	Time	Faculty
Introduction to Great Learning App	09.30 am - 10.00 am	Mr.Raja Badmanaudaine IT Manager, SMVMCH
Demonstration of key functions in Great Learning App	10.00 am - 10.20 am	Dr.R.Udhayasankar

Recording of online classes and sharing with the students	12.00 – 12.30 pm	All facilitators
Discussion and feedback	12. 30- 01.00 pm	All facilitators

#### Feedback Analysis

The faculty got sensitized to the key functions of great learning app. However, they suggested utilization of great learning app for large group teaching and Institutional LMS (MOODLE) for small group teaching for effective utilization of the e-content. The faculty appreciated the provision of sharing recorded video lectures with the students, for asynchronous learning.

#### Outcome

The Great Learning app was effectively utilized for the online classes and students were given access to the recorded video lectures of the faculty for asynchronous learning. In addition, Great Learning app was effectively utilized for conducting webinar for the students, inhouse and external faculty.

### Workshop on "Learning Management System" (15.02.2021)

The workshop on "Learning Management System" was held on 15<sup>th</sup> February, 2021, at the MEU hall for the Faculty of SMVMCH. There were 27 participants, with at least 2

Tr. Karpresentatives from each department, who got oriented to the LMS and had a hands-on experience on "Creating the events in Calendar of LMS" and "Creation of Question Bank", at ICAL COLLEGE & HOS.

MEDICAL COLLEGE & HOS-KALITHEERTHALKUPPAM, PUDUCHERRY-605107, the Digital Lab. Mr.Raja, IT Manager, Dr.N.Suresh and Dr.Udhayashankar facilitated the sessions. The participants were requested to update the details in the LMS. At the end of the session the feedback was obtained from all the participants.

#### Sensitization session to "G Suite/ Google Meet" (May 2020)

In view of the COVID pandemic (First Phase of Lockdown), the Institute recommended use of G Suite (For educational Institutions) and Google Classroom for E-Learning, in addition to the Institutional LMS MOODLE. Google meet offers provision of Virtual conferencing, which may be effectively utilized for the conduct of the online classes. Google Classroom offers provision for sharing educational resources with the students and also posting assignments, assessments both and subjective through Google forms. In this context, the Medical Education Unit of SMVMCH, organized a sensitization session for all the faculty of SMVMCH in rotation in the month of May 2020, in the lecture hall I of SMVMCH. The faculty members were oriented to the Google meet, its key functions and had hands on training on scheduling classes, posting assignments, creating quiz with google forms.

#### Program:

Hand on training on "Creating assessments with Google forms"	12.00 – 12.30 pm	All facilitators
Discussion and feedback	12. 30- 01.00 pm	All facilitators

#### Feedback Analysis

The faculty got sensitized to the key functions of Google Classroom. They recommended a half-day workshop on the utilization of Google tools for effective teaching and learning.

#### Outcome

The IT department created official IDs department wise and classes were scheduled using the departmental IDs and the students were enrolled in respective classrooms. The faculty trained in the sensitization session acted as trainers for the faculty in their respective departments, thus Google classroom was effectively utilized by all the faculty for the teaching hearning process.
